All massages are performed in quiet, serene rooms complete with soothing music, soft lighting, heated massage tables and warmed oils to calm and relax your senses. A personal consultation prior to your treatment with our certified massage therapists will give you the opportunity to discuss your specific needs.

Aromatherapy Massage

Using a traditional massage technique, this aromatic massage helps to improve blood circulation while calming your senses. The essential oils encourage cellular growth and help to eliminate fluids and toxins.

Deep Tissue Massage

Deep pressure is applied to various muscles in the body to relieve tightness and tension.

La Stone Therapy

A unique stone treatment that soothes the mind, body and soul. In the hands of your therapist, sleek and smooth basalt riverbed stones glide effortlessly across the body, providing warmth and relieving tension. Stones are warmed and/or cooled depending on the guest's needs.

Ashiatsu Oriental Bar Therapy

This deeply relaxing massage to the back and legs is performed with the bare feet. By receiving gentle but deep foot compression and slow Swedish strokes, you will understand why this is called the deepest, most luxurious form of massage.

Reflexology

Based on the ancient healing therapy, this noninvasive treatment will help stimulate reflex points in your feet that correspond to organs, glands and other parts of your body.

Mind & Body Connection

Discover the power of the gentle touch of Craniosacral and Myofascial massage to release tension. This treatment is performed with the guest wearing loose, comfortable clothing.

NEW Muscle Melting Stress-Fix Massage

Clinically proven to relieve feelings of stress by combining the power of Swedish and deep tissue massage, acupressure, and foot reflexology. This massage also features Aveda's stress-fix aroma, which is infused with organic French lavender, lavadin, clary sage and frankincense.

NEW Pregnancy Massage

Table Thai

With Table Thai, our therapists will relax and stretch your body through the use of compression massage and gentle yoga stretches, perfect for athletes or the average person. Offered in thirty/sixty/ninety-minute sessions, Table Thai will leave you feeling energized and tension free.

Try a massage/Table Thai combination for the ultimate in relaxation.

BODY TREATMENTS

Body treatments are designed to help detoxify, hydrate and nourish the body's skin with minerals and vitamins from natural resources. We do not recommend shaving or waxing the day of any body treatment. Body treatments are not recommended for pregnant or nursing mothers. Please inform the spa coordinator of any allergies to shellfish or iodine when scheduling a body treatment.

NEW Coconut & Lime Exotic Glow

Fresh coconut and tangy lime together in a tropical-inspired, hydrating body treatment. Your skin will be deeply cleansed, exfoliated and quenched, leaving it glowing, vibrant and flawless. Relax as your body lingers under the warm waterfalls of our custom Vichy shower. A sea salt-based scrub stimulates the skin, improves texture, unclogs pores and prepares the skin for a soothing application of a rich antioxidant and vitamin coconut lime butter cream. This tropical indulgence will leave your skin hydrated and glowing!

Parafango

Exotic, detoxifying and refreshing. Your body will be wrapped in Fango Mud, a rich, seaweed-based mixture containing vitamins, minerals and volcanic ash, with paraffin added to seal in moisture. The paraffin is then pulled away, revealing smoother, firmer skin.

NEW Chocolate Body Indulgence

A zero-calorie treat that is absolutely indulgent! This fat-free hydrating body massage is rich with antioxidants that offer amazing nutritional value for your skin and body. During this luxurious body therapy, your skin will be exfoliated with a scrumptious chocolate scrub. To add something even sweeter, we will also treat you to a muscle-melting full body massage with warmed chocolate cream to ensure your experience is nothing short of delicious.

NEW Chocolate Mousse Wrap

Chocolate is one of the most tempting of all treats and is also known for being rich with antioxidants that offer amazing nutritional value to your skin. During this decadent body therapy, custom exfoliating gloves will soften your skin, leaving it ready for a rich application of a self-heating chocolate mask made with real cocoa. Next, your tension will melt away while the hydrating nutrients from this sweet treat are absorbed into your skin as you are cocooned in a warm, chocolate heaven. A chocolate moisturizer is then applied, leaving your skin soft and supple.

NEW Wine Wrap

Using the powerful antioxidant and exfoliating properties of the grape, this tantalizing body wrap treatment is perfect for sun damaged, dry and aging skin. It removes dead skin cells, deeply hydrates and can help fade age spots due to over exposure to the sun. A warm wine mask and champagne oil are gently brushed onto your entire body. Then, you will be wrapped in a cozy cocoon to promote absorption of the grapes' vital nutrients and vitamins. The original formula was developed by Dr. Bill Comiskey as a skin cancer treatment. You will leave with healthy skin that feels like silk.

Massage Add-On

Available only with a body treatment. Available in thirty or sixty-minute sessions. Available only when scheduled with a massage therapist.
